## **REMOTE EMPLOYMENT AS PERSPECTIVE FORM OF THE ORGANIZATION LABOR IN MODERN CONDITIONS**

**Polina Annenko**

Master student in Ural State University of Economics

Yekaterinburg, Russia

**Abstract.** The article deals with the peculiarities of distance employment, its pre-assets, identifies the difficulties that an employer may encounter when transferring an employee to a remote job, and also considers the most popular occupations in distance work. In addition, based on the results of the study Consulting and Bitrix24, aimed at studying the situation in the market for remote employment in Russia, tools were proposed for organizing and monitoring the activities of remote employees. This article may be of interest to HR specialists, students wishing to receive income and combining studies with work, as well as

**Keywords:** remote employment; working conditions; telework; working time; mobile work.
